

SKIDRIL INDUSTRIES LLC.

WARRANTY

Skidril warrants its products to the original purchaser to be free from defective materials and workmanship. The liability of Skidril is limited to the replacement of any part(s) which are judged to be defective in materials and/or workmanship by Skidril, provided that Skidril is notified of the suspect part(s) within 1 year after receipt of the product by the original purchaser. This does not include wear items.

After review and acceptance by Skidril the warranty enables the original purchaser to have the warranted part(s) and labor rendered at no cost for the period of one year when the product is delivered prepaid and repaired by Skidril. Skidril may authorize the customer or customer service center to affect repairs on its behalf, but in such case only parts may be provided no labor will be reimbursed.

This warranty does not apply to products which Skidril judges to have been misused, modified or repaired by any party other than Skidril personnel. This warranty does not apply to tools that have been improperly maintained by the user or when the malfunction or defect can be attributed to the use of parts that are not genuine Skidril OEM repair parts.

G20 Post driver specific warranty information:

The gear set, hammer mechanism and connecting rod (known as the 'key' parts) are warranted per the above terms for the life of the machine.

AUTHORIZATION TO RETURN GOODS

When returning any Skidril product to our facility for warranty evaluation the customer must first obtain a RETURN MATERIAL AUTHORIZATION (RMA) number from our customer service department by calling 1-800-843-3745 or by faxing 336-674-6690, with information on the return. The RMA number must be prominently displayed on the packages that are being returned to the Skidril facility and also shown on the packing list. We reserve the right to refuse any returns without any prior authorization. A RMA does not constitute transfer of ownership from the owner to Skidril or acceptance of return for credit.
